👤 PROFILE

- Frontend engineer with 7+ years of experience building high-performance production-scale web apps.
- Expertise in writing pixel-precise, WCAG-compliant, rigorously tested UI code with consistent look and feel across all modern browsers.
- Known for meticulous attention to detail, strong interpersonal skills, and seamless async collaboration with teams spread across geographies.

📁 WORK EXPERIENCE

Rakuten India, Senior Software Engineer II ↗

04/2023 – present | Bengaluru, India

- Built mission-critical UIs for Rakuten Travel: Japan's largest Online Travel Agency covering consumer hotel-booking site and supplier admin tool.
- Drove end-to-end delivery of a 10-month long global expansion project (MDP), an ambitious step for Rakuten Travel.
- Participated in quarterly "Super Sales", firefighting events, and pre-prod load tests through performance tuning, configuring infra tools, and automating observability tools & alerts.
- Unlocked new markets by overhauling l10n, i18n, and SEO pipelines, boosting regional GMS by 7%.
- Fixed tricky memory leak issues, performance bottlenecks, and long-standing dev server woes.
- Contributed to the shared component library and design system of our monorepo used by 25+ engineers.
- Brought down onboarding time to < 1 week by championing a culture of knowledge-sharing sessions and thorough documentation.
- Created a GenAI image/text-to-diagram tool backed by RAG which massively reduced manual effort required in creating architecture diagrams.

ProjectPro, Senior Software Engineer ↗

11/2021 – 04/2023 | Remote

- Revamped projectpro.io from whiteboard to prod by modernizing the tech stack (from DB access to UI) while improving performance and dx.
- Partnered with UX designer to create a flexible and maintainable Storybooks-backed design system.
- Introduced robust engineering processes and a documenting culture as the lead dev (team of 4) at the early-stage startup.

Quotient Technology, Software Engineer 2

01/2018 – 10/2021 | Bengaluru, India

- Shipped multiple features across projects for B2B2C coupons and retail-media platform used by 20M+ monthly users.
- Built a WYSIWYG CMS app, for creating retailer marketing campaign pages.
- Extensive work on improving accessibility compliance.

Goalwise, Web Development Intern

05/2017 – 07/2017 | Bengaluru, India
